ADMIN							

The rate, or rates, set forth above cover all expenses, including report preparation, salaries, overhead, general and administrative expenses, and profit.

The Contractor shall voucher for only the time of the personnel whose services are applied directly to the work called for in individual Delivery Orders and accepted by the EPA Project Officer. The Government shall pay the Contractor for the life of a delivery order at rates in effect when the delivery order was issued, even if performance under the delivery order crosses into another period. The Contractor shall maintain time and labor distribution records for all employees who work under the contract. These records must document time worked and work performed by each individual on all Delivery Orders.

**B.2 PERIOD OF PERFORMANCE**

The period of performance of this contract shall be from the date of contract award through 24 months. In addition to the two-year base period, this contract will have three, one-year option periods, and two, one-year award terms, for a maximum performance period of seven years if all option and award periods are exercised.

**B.3 MINIMUM AND MAXIMUM AMOUNTS**

During the period specified in the "Ordering" clause, the Government shall place orders totaling a minimum of \$50,000 per year. The amount of all orders shall not exceed \$20,551,834 if all option and award terms are exercised.

**B.4 TASK ORDER CEILING**

Each task order will have a ceiling which shall not be exceeded. Task orders may be incrementally funded, the task order ceiling that may not be exceeded, except at the contractor's own risk, is the amount of dollars obligated to that specific task order at the time the expense is incurred.

**B.5 CEILING PRICE**

The ceiling price of this contract is \$20,551,834. The contractor shall not make expenditures or incur obligations in the performance of this contract which exceeds the ceiling price specified herein, except at the contractor's own risk.

**B.6 ELECTRONIC ORDERING**

In accordance with FAR 52.216-18, ORDERING, electronic commerce methods are authorized for this contract.

**B.7 INCREMENTAL FUNDING OF TASK ORDERS**

Regardless of the type of task order issued, individual task orders may be incrementally funded.

**B.8 LIMITATION OF GOVERNMENT'S OBLIGATIONS UNDER TASK ORDERS (APRIL 2012)**

(a) Regardless of the type of task order issued, the individual Task Order may be incrementally funded.

(b) Under each task order, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those items for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor will not be obligated to continue work under a task order beyond that point. The Government will not be obligated in any event and under any circumstances to reimburse the contractor in excess of the amount obligated on a task order except for reimbursement of termination settlement costs as provided for under paragraph (g)(3) of the contract clause entitled "Termination for Convenience of the Government (Fixed-Price) (APR 2012)". As used in this clause, the total amount payable by the Government in the event of termination of an applicable Task Order for convenience includes costs, profit, and estimated termination settlement costs for that task order.

(c) The Contractor will notify the Contracting Officer (CO) and Project Officer (PO), in writing, at least 45 calendar days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including if applicable any costs for termination for convenience, will approximate 85% of the total amount then funded on the task order. The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance under the task order up to the next scheduled date for incremental funding in the task order, or to a substitute date as determined by the Government pursuant to subparagraph (d) of this clause. The notification will also advise the CO and PO of the estimated amount of additional funds that will be required for the timely performance of the services ordered, for a subsequent period as specified in the task order or otherwise agreed to by the parties. If, after such notification, the CO does not issue a task order modification obligating additional funds by the date identified in the Contractor's notification, or by an agreed substitute date, the CO will stop work or terminate the task order for which additional funds have not been obligated, pursuant to the clause entitled "Termination for Convenience of the Government." Absent this task order modification, the Government is not obligated to reimburse the contractor for any costs that would exceed the amount funded for the task order under this clause except for reimbursement of termination settlement costs as set forth in paragraph (b) above.

(d) The parties contemplate that the Government will obligate additional funds for continued performance under the task order and will determine the estimated period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional obligated funds and to the new estimated period of task order performance. The task order will be modified accordingly.

(e) If, solely by reason of failure of the Government to obligate additional funds by the dates indicated in a task order, in amounts sufficient for timely performance of the task order requirements, the Contractor incurs additional costs or is delayed in the performance of the work under the task order and if additional funds are obligated, an equitable adjustment will be made in the price of the items, or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination obligate additional funds for the performance of the task order.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and obligation of funds for a task order. This clause no longer applies once the task order is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraph (d) or (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the contract clause entitled "Termination for Convenience of the Government."

## **B.9 OTHER DIRECT COSTS**

For the categories listed below, other direct costs, defined as costs that are not direct labor, in excess of the amounts identified are not allowable as charges to this contract without prior written approval from the Contracting Officer. The (b)(4) fee for subcontractors and ODCs are included in the amounts below.

## **SECTION G - CONTRACT ADMINISTRATION DATA**

### **G.1 ORDERING-BY DESIGNATED ORDERING OFFICERS (EPAAR 1552.216-72) (APR 1984)**

(a) The Government will order any supplies and services to be furnished under this contract by issuing delivery orders on Optional Form 347, or any agency prescribed form, from the date of contract award any time during the ordering period. In addition to the Contracting Officer, the following individuals are authorized ordering officers.

Any EPA Contracting Officer

(b) A Standard Form 30 will be the method of amending delivery orders.

(c) The Contractor shall acknowledge receipt of each order and shall prepare and forward to the Ordering Officer within fifteen (15) calendar days the work plan and budget which includes the proposed staffing plan for accomplishing the assigned task within the period specified.

(d) If the Contractor considers the specified work completion date to be unreasonable, he/she shall promptly notify the Ordering Officer and Contracting Officer in writing within 10 calendar days, stating why the estimated labor hours or specified completion date is considered unreasonable.

(e) Each delivery order will have a ceiling price, which the Contractor may not exceed. When the Contractor has reason to believe that the labor payment and support costs for the order, which will accrue in the next thirty (30) days, will bring total cost to over 85 percent of the ceiling price specified in the order, the Contractor shall notify the Ordering Officer.

(f) Paragraphs (c), (d), and (e) of this clause apply only when services are being ordered.

### **G.2 SUBMISSION OF INVOICES (EPAAR 1552.232-70) - ALTERNATE I (JUN 1996)**

#### **G.3 Submission of Invoices (EPAAR 1552.232-70) (Jun 1996) Deviation TAILORED**

In order to be considered properly submitted, an invoice or request for contract financing payment must meet the following contract requirements in addition to the requirements of

FAR 32.905:

- (a) The Contractor shall submit the invoice or request for contract financing payment either in hard copy or electronic format.
  - (1) If submitting electronically, the Contractor shall follow the submission instructions at: <http://www.epa.gov/ocfo/finservices/contracts.htm>. one electronic copy via email of the invoice shall concurrently be sent to the Contract-Level COR and CO.
  - (2) If submitting in hard copy format, the Contractor shall submit the invoice or request for contract financing payment to the following offices/individuals designated in the contract:
    - (i) One original to the EPA Finance Center shown in Block 12 on the cover of the contract; and
    - (ii) One copy to the Contract-Level COR.
- (b) The Contractor shall prepare its invoice or request for contract financing payment on the prescribed Government forms. Standard Forms Number 1034, Public Voucher for Purchases and Services other than Personal, shall be used by contractors to show the amount claimed for reimbursement. Standard Form 1035, Public Voucher for Purchases and Services other than Personal - Continuation Sheet, shall be used to furnish the necessary supporting detail or additional information required by the Contracting Officer. The Contractor may submit self designed forms which contain the required information.
- (c)
  - (1) The Contractor shall prepare a contract level invoice or request for contract financing payment in accordance with the invoice preparation instructions identified as a separate attachment in Section J of the contract. If contract work is authorized by individual work assignments, the invoice or request for contract financing payment shall also include a summary of the current and cumulative amounts claimed by cost element for each work assignment and for the contract total, as well as any supporting data for each work assignment as identified in the instructions.
  - (2) The invoice or request for contract financing payment shall include current and cumulative charges by major cost element such as direct labor, overhead, travel, equipment, and other direct costs. For current costs, each major cost element shall include the appropriate supporting schedule identified in the invoice preparation instructions. Cumulative charges represent the net sum of current charges by cost element for the contract period.
- (d)
  - (1) The charges for subcontracts shall be further detailed in a supporting schedule showing the major cost elements for each subcontract.
  - (2) On a case-by-case basis, when needed to verify the reasonableness of subcontractor costs, the Contracting Officer may require that the Contractor obtain from the subcontractor cost information in the detail set forth in (c)(2). This information should be obtained through a means which maintains subcontractor confidentiality (for example, via sealed envelopes), if the subcontractor expresses confidential business information (CBI) concerns.
- (e) Invoices or requests for contract financing payment must clearly indicate the period of performance for which payment is requested. Separate invoices or requests for contract financing payment are required for charges applicable to the basic contract and each option period.
- (f)
  - (1) Notwithstanding the provisions of the clause of this contract at FAR 52.216-7, Allowable Cost and Payment, invoices or requests for contract financing payment shall be submitted once per month unless there has been a demonstrated need and Contracting Officer approval for more frequent billings. When submitted on a monthly basis, the period covered by invoices or requests for contractor financing payments shall be the same as the period for monthly progress reports required under this contract.
  - (2) If the Contracting Officer allows submissions more frequently than monthly, one submittal each month shall have the same ending period of performance as the monthly progress report.
  - (3) Where cumulative amounts on the monthly progress report differ from the

aggregate amounts claimed in the invoice(s) or request(s) for contract financing payments covering the same period, the Contractor shall provide a reconciliation of the difference as part of the payment request.

**G.3 PAYMENTS-FIXED-RATE SERVICES CONTRACT (EPAAR 1552.232-73) (OCT 2000)**

The Government shall pay the Contractor as follows upon the submission of invoices or vouchers approved by the Contracting Officer:

(a) Hourly rate. (1) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the Schedule by the number of direct labor hours performed. The rates shall include wages, indirect costs, general and administrative expenses, and profit. Fractional parts of an hour shall be payable on a prorated basis. Vouchers may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the paying office. The Contractor shall substantiate vouchers by evidence of actual payment and by individual daily job, timecards, or other substantiation approved by the Contracting Officer. Promptly after receipt of each substantiated voucher, the Government shall, except as otherwise provided in this contract and subject to the terms of paragraph (e) of this contract, pay the voucher as approved by the Contracting Officer.

(2) Unless otherwise prescribed in the Schedule, the Contracting Officer shall withhold 5 percent of the amounts due under this paragraph (a), but the total amount withheld shall not exceed \$50,000. The amounts withheld shall be retained until the execution and delivery of a release by the Contractor as provided in paragraph (f) of this contract. See Section I.11 (p. 33) of this contract.

(3) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis. If no overtime rates are provided in the Schedule and overtime work is approved in advance by the Contracting Officer, overtime rates shall be negotiated. Failure to agree upon these overtime rates shall be treated as a dispute under the "Disputes" clause of this contract. If the Schedule provides rates for overtime the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(b) Materials, other direct costs, and subcontracts. (1) The allowability of direct materials and other direct costs shall be determined by the Contracting Officer in accordance with subpart 31.2 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract. Reasonable and allocable material handling costs or indirect costs may be included in the charge for material or other direct costs to the extent they are clearly excluded from the hourly rate. Material handling and/or indirect cost rates are specified in the "Indirect Costs" clause. Material handling costs are comprised of indirect costs, including, when appropriate, general and administrative expense allocated to direct materials in accordance with the Contractor's usual accounting practices consistent with subpart 31.2 of the FAR. The Contractor shall be reimbursed for items and services purchased directly for the contract only when cash, checks, or other forms of actual payment have been made for such purchased items or services. Direct materials or other direct costs, as used in this clause, are those items which enter directly into the end product, or which are used or consumed directly in connection with the furnishing of the end product.

(2) Subcontracted effort may be included in the fixed hourly rates discussed in paragraph (a)(1) of this clause and will be reimbursed as discussed in that paragraph. Otherwise, the cost of subcontracts that are authorized under the subcontracts clause of this contract shall be reimbursable costs under this clause provided that the costs are consistent with paragraph (b)(3) of this clause. Reimbursable costs in connection with subcontracts shall be payable to subcontractors consistent with FAR 32.504 in the same manner as for services purchased directly for the contract under paragraph (a)(1) of this clause. Reimbursable costs shall not include any costs arising from the letting, administration, or supervision of performance of the subcontract, if the costs are included in the hourly rates payable under paragraph (a)(1) of this clause.

(Note: Waiver per Clause I.11)

(3) To the extent able, the Contractor shall (i) obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and (ii) take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, the Contractor shall promptly notify the Contracting Officer and give the reasons. Credit shall be given to the Government for cash and trade discounts, rebates, allowances, credits, salvage, the value of any appreciable scrap, commissions, and other amounts that have accrued to the benefit of the Contractor, or would have accrued except for the fault or neglect of the Contractor. The benefits lost without fault or neglect on the part of the Contractor, or lost through fault of the Government, shall not be deducted from gross costs.

(4) If the nature of the work to be performed requires the Contractor to furnish material which is regularly sold to the general public in the normal course of business by the Contractor, the price to be paid for such material, notwithstanding paragraph (b)(1) of this contract, shall be on the basis of an established catalog or list price, in effect when the material is furnished, less all applicable discounts to the Government; provided, that in no event shall such price be in excess of the Contractor's sales price to its most favored customer for the same item in like quantity, or the current market price, whichever is lower.

(c) Contracting Officer Notification. For contract administration purposes, the Contractor shall notify the Contracting Officer in writing when the total value of all delivery orders issued exceeds 85 percent of the maximum price specified in the schedule.

(d) Maximum amount. The Government shall not be obligated to pay the Contractor any amount in excess of the maximum amount in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the maximum amount set forth in the Schedule, unless or until the Contracting Officer shall have notified the Contractor in writing that the maximum amount has been increased and shall have specified in the notice a revised maximum that shall constitute the maximum amount for performance under this contract. When and to the extent that the maximum amount set forth in the Schedule has been increased, any hours expended, and material or other direct costs incurred by the Contractor in excess of the maximum amount before the increase, shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the maximum amount.

(e) Audit. At any time before final payment under this contract, the Contracting Officer may request audit of the invoices or vouchers and substantiating material. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices or vouchers that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. Upon receipt and approval of the voucher or invoice designated by the Contractor as the "completion voucher" or "completion invoice" and substantiating material, and upon compliance by the Contractor with all terms of this contract (including, without limitation, terms relating to patents and the terms of paragraphs (f) and (g) of this clause), the Government shall promptly pay any balance due the Contractor. The completion invoice or voucher, and substantiating material, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event, later than one year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(f) Assignment. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(1) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible of exact statement by the Contractor.

(2) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(3) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(g) Refunds. The Contractor agrees that any refunds, rebates, or credits (including any related interest) accruing to or received by the Contractor or any assignee, that arise under the materials portion of this contract and for which the Contractor has received reimbursement, shall be paid by the Contractor to the Government. The Contractor and each assignee, under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, an assignment to the Government of such refunds, rebates, or credits (including any interest) in form and substance satisfactory to the Contracting Officer.

**H.2 PRINTING (EPAAR 1552.208-70) (DEC 2005)**

a) *Definitions.* "Printing" is the process of composition, plate making, presswork, binding and microform; or the end items produced by such processes and equipment. Printing services include newsletter production and periodicals which are prohibited under EPA contracts.

"Composition" applies to the setting of type by hot-metal casting, photo typesetting, or electronic character generating devices for the purpose of producing camera copy, negatives, a plate or image to be used in the production of printing or microform.

"Camera copy" (or "camera-ready copy") is a final document suitable for printing/duplication.

"Desktop Publishing" is a method of composition using computers with the final output or generation of camera copy done by a color inkjet or color laser printer. This is not considered "printing." However, if the output from desktop publishing is being sent to a typesetting device (i.e., Linotronic) with camera copy being produced in either paper or negative format, these services are considered "printing".

"Microform" is any product produced in a miniaturized image format, for mass or general distribution and as a substitute for conventionally printed material. Microform services are classified as printing services and includes microfiche and microfilm. The contractor may make up to two sets of microform files for archival purposes at the end of the contract period of performance.

"Duplication" means the making of copies on photocopy machines employing electrostatic, thermal, or other processes without using an intermediary such as a negative or plate.

"Requirement" means an individual photocopying task. (There may be multiple requirements under a Work Assignment or Delivery Order. Each requirement would be subject to the photocopying limitation of 5,000 copies of one page or 25,000 copies of multiple pages in the aggregate per requirement).

"Incidental" means a draft and/or proofed document (not a final document) that is not prohibited from printing under EPA contracts.

**(b) *Prohibition.***

(1) The contractor shall not engage in, nor subcontract for, any printing in connection with the performance of work under this contract. Duplication of more than 5,000 copies of one page or more than 25,000 copies of multiple pages in the aggregate per requirement constitutes printing. The intent of the printing limitation is to eliminate duplication of final documents.

(2) In compliance with EPA Order 2200.4a, EPA Publication Review Procedure, the Office of Communications, Education, and Media Relations is responsible for the review of materials generated under a contract published or issued by the Agency under a contract intended for release to the public.

**(c) *Affirmative Requirements.***

(1) Unless otherwise directed by the contracting officer, the contractor shall use double-sided copying to produce any progress report, draft report or final report.

(2) Unless otherwise directed by the contracting officer, the contractor shall use recycled paper for reports delivered to the Agency which meet the minimum content standards for paper and paper products as set forth in EPA's Web site for the Comprehensive Procurement Guidelines at:  
<http://www.epa.gov/cpg/>.

**(d) *Permitted Contractor Activities.***

(1) The prohibitions contained in paragraph (b) do not preclude writing, editing, or preparing manuscript copy, or preparing related illustrative material to a final document (camera-ready copy) using desktop publishing.

(2) The contractor may perform a requirement involving the duplication of less than 5,000 copies of only one page, or less than 25,000 copies of multiple pages in the aggregate, using one color (black), such pages shall not exceed the maximum image size of 103/4 by 141/4 inches, or 11 by 17 paper stock. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing if it is deemed appropriate to exceed the

duplication thresholds. Duplication services of "incidentals" in excess of the thresholds are allowable.

(3) The contractor may perform a requirement involving the multi-color duplication of no more than 100 pages in the aggregate using color copier technology, such pages shall not exceed the maximum image size of 103/4 by 141/4 inches, or 11 by 17 paper stock. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these limits, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing.

(4) The contractor may perform the duplication of no more than a total of 100 diskettes or CD-ROM's. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing.

(4) The contractor may perform the duplication of no more than a total of 100 diskettes or CD-ROM's. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing.

(e) *Violations.* The contractor may not engage in, nor subcontract for, any printing in connection with the performance of work under the contract. The cost of any printing services in violation of this clause will be disallowed, or not accepted by the Government.

(f) *Flowdown Provision.* The contractor shall include in each subcontract which may involve a requirement for any printing/duplicating/copying a provision substantially the same as this clause.

### **H.3 ORGANIZATIONAL CONFLICTS OF INTEREST (EPAAR 1552.209-71) (MAY 1994)**

(a) The Contractor warrants that, to the best of the Contractor's knowledge and belief, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest, as defined in FAR subpart 9.5, or that the Contractor has disclosed all such relevant information.

(b) Prior to commencement of any work, the Contractor agrees to notify the Contracting Officer immediately that, to the best of its knowledge and belief, no actual or potential conflict of interest exists or to identify to the Contracting Officer any actual or potential conflict of interest the firm may have. In emergency situations, however, work may begin but notification shall be made within five (5) working days.

(c) The Contractor agrees that if an actual or potential organizational conflict of interest is identified during performance, the Contractor will immediately make a full disclosure in writing to the Contracting Officer. This disclosure shall include a description of actions which the Contractor has taken or proposes to take, after consultation with the Contracting Officer, to avoid, mitigate, or neutralize the actual or potential conflict of interest. The Contractor shall continue performance until notified by the Contracting Officer of any contrary action to be taken.

(d) Remedies—The EPA may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid an organizational conflict of interest. If the Contractor was aware of a potential organizational conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose it or misrepresented relevant information to the Contracting officer, the Government may terminate the contract for default, debar the Contractor from Government contracting, or pursue such other remedies as may be permitted by law or this contract.

(e) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder, except for subcontracts or consultant agreements for well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services, provisions which shall conform substantially to the language of this clause, including this paragraph (e), unless otherwise authorized by the Contracting Officer.

**H.4 NOTIFICATION OF CONFLICTS OF INTEREST REGARDING PERSONNEL (EPAAR 1552.209-73) (MAY 1994)**

a) In addition to the requirements of the contract clause entitled "Organizational Conflicts of Interest," the following provisions with regard to employee personnel performing under this contract shall apply until the earlier of the following two dates: the termination date of the affected employee(s) or the expiration date of the contract.

(b) The Contractor agrees to notify immediately the EPA Project Officer and the Contracting Officer of (1) any actual or potential personal conflict of interest with regard to any of its employees working on or having access to information regarding this contract, or (2) any such conflicts concerning subcontractor employees or consultants working on or having access to information regarding this contract, when such conflicts have been reported to the Contractor. A personal conflict of interest is defined as a relationship of an employee, subcontractor employee, or consultant with an entity that may impair the objectivity of the employee, subcontractor employee, or consultant in performing the contract work.

(c) The Contractor agrees to notify each Project Officer and Contracting Officer prior to incurring costs for that employee's work when an employee may have a personal conflict of interest. In the event that the personal conflict of interest does not become known until after performance on the contract begins, the Contractor shall immediately notify the Contracting Officer of the personal conflict of interest. The Contractor shall continue performance of this contract until notified by the Contracting Officer of the appropriate action to be taken.

(d) The Contractor agrees to insert in any subcontract or consultant agreement placed hereunder, except for subcontracts or consultant agreements for well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services, provisions which shall conform substantially to the language of this clause, including this paragraph (d), unless otherwise authorized by the Contracting Officer.

**H.5 LIMITATION OF FUTURE CONTRACTING (EPAAR 1552.209-74) ALTERNATE V (HEADQUARTERS SUPPORT) (APR 2004)**

(a) The parties to this contract agree that the Contractor will be restricted in its future contracting in the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for contracts on an equal basis with other companies.

(b) If the Contractor, under the terms of this contract, or through the performance of work pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are incorporated into an EPA solicitation, the Contractor shall be ineligible to perform the work described in that solicitation as a prime Contractor or subcontractor under an ensuing EPA contract.

(c) Unless prior written approval is obtained from the cognizant EPA Contracting Officer, the Contractor, during the life of this contract and for a period of five (5) years after the expiration of the contract agrees not to enter into a contract with or to represent any party, other than EPA, with respect to: (1) any work relating to Leaking Underground Storage Tank (LUST) activities which pertains to the site where the Contractor previously performed work for EPA under this contract; or (2) any work that may jeopardize LUST enforcement actions which pertain to the site where the Contractor previously performed work for the EPA under this contract. During the life of this contract, including any options or Award Terms, the Contractor agrees that unless otherwise authorized by the Contracting Officer, it will be ineligible for award of contracts pertaining to this site which result from a RCRA administrative order, a RCRA consent decree or a court order. The Contractor and any subcontractors, during the life of this contract, shall be ineligible to enter into an EPA contract or a subcontract under an EPA contract, which supports EPA's

performance of Leaking Underground Storage Tanks Headquarters policy work including support for the analysis and development of regulations, policies, or guidance that govern, affect, or relate to the conduct of response action activities, unless otherwise authorized by the Contracting Officer. Examples of such contracts include, but are not limited to Leaking Underground Storage Tanks Management and Analytical support contracts, and Leaking Underground Storage Tanks Technical and Analytical support contracts.

(d) The Contractor agrees in advance that if any bids/proposals are submitted for any work that would require written approval of the Contracting Officer prior to entering into a contract subject to the restrictions of this clause, then the bids/proposals are submitted at the Contractor's own risk. Therefore, no claim shall be made against the Government to recover bid/proposal costs as a direct cost whether the request for authorization to enter into the contract is denied or approved.

(e) To the extent that the work under this contract requires access to proprietary or confidential business or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure.

(f) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder, except for subcontracts or consultant agreements for nondiscretionary technical or engineering services, including treatability studies, well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services, provisions which shall conform substantially to the language of this clause, including this paragraph (f) unless otherwise authorized by the Contracting Officer. The Contractor may request in writing that the Contracting Officer exempt from this clause a particular subcontract or consultant agreement for nondiscretionary technical or engineering services not specifically listed above, including laboratory analysis. The Contracting Officer will review and evaluate each request on a case-by-case basis before approving or disapproving the request.

(g) If the Contractor seeks an expedited decision regarding its initial future contracting request, the Contractor may submit its request to both the Contracting Officer and the next administrative level within the Contracting Officer's organization.

(h) A review process available to the Contractor when an adverse determination is received shall consist of a request for reconsideration to the Contracting Officer or a request for review submitted to the next administrative level within the Contracting Officer's organization. An adverse determination resulting from a request for reconsideration by the Contracting Officer will not preclude the Contractor from requesting a review by the next administrative level. Either a request for review or a request for reconsideration must be submitted to the appropriate level within 30 calendar days after receipt of the initial adverse determination.

#### **H.6 AWARD TERM INCENTIVE (EPAAR 1552.216-77) (FEB 2008)**

(a) General. This contract may be extended as set forth in paragraph (b) based on overall contractor performance as evaluated in accordance with the Clause entitled "Award Term Incentive Plan," provided the Agency has a need for the effort at or before the time an award term is to commence, and if the contractor receives notice of the availability of funding for an award term period pursuant to the "Award Term Availability of Funds" clause. The Contracting Officer is responsible for the overall award term evaluation and award term decision. The Contracting Officer will unilaterally decide whether or not the contractor is eligible for an award term extension, and in conjunction with the Contracting Officer's Representative, will determine the need for continued performance and funding availability.

(b) Period of performance. Provided the contractor has achieved the performance measures, e.g., acceptable quality levels, set forth in the clause "Award Term Incentive Plan," the Contracting Officer may extend the contract by exercising two additional award term incentive period(s) of 12 months each. The total maximum period of performance under this contract, if the Government exercises all option periods and all award term incentive periods is seven (7) years.

(c) Right not to grant or cancel the award term incentive.

(1) The Government has the unilateral right not to grant or to cancel award term incentive periods and the associated award term incentive plans if--

(i) The Contracting Officer has failed to initiate an award term incentive period, regardless of whether the contractor's performance permitted the Contracting Officer to consider initiating the award term incentive period; or

(ii) The contractor has failed to achieve the performance measures for the corresponding evaluation period; or

(iii) The Government notifies the contractor in writing it does not have funds available for the award term incentive periods; or

(iv) The Government no longer has a need for the award term incentive period at or before the time an award term incentive period is to commence.

(2) When an award term incentive period is not granted or cancelled, any--

(i) Prior award term incentive periods for which the contractor remains otherwise eligible are unaffected.

(ii) Subsequent award term incentive periods are thereby also cancelled.

(d) Cancellation of an award term incentive period that has not yet commenced for any of the reasons set forth in paragraph (c) of this clause shall not be considered either a termination for convenience or termination for default, and shall not entitle the contractor to any termination settlement or any other compensation. If the award term incentive is cancelled, a unilateral modification will cite this clause as the authority.

(e) Award term incentive administration. The award term incentive evaluation(s) will be completed in accordance with the schedule in the Award Term Incentive Plan. The contractor will be notified of the results and their eligibility to be considered for the respective award term incentive no later than 120 days after an evaluation period.

(f) Review process. The contractor may request a review of an award term incentive evaluation which has resulted in the contractor being ineligible for the award term incentive. The request shall be submitted in writing to the Contracting Officer within 15 days after notification of the results of the evaluation.

#### **H.7 AWARD TERM INCENTIVE PLAN (EPAAR 1552.216-78) TAILORED (FEB 2008)**

(a) The Award Term Incentive Plan provides for the evaluation of performance, and, together with Agency need and availability of funding, serves as the basis for award term decisions. The Award Term Incentive Plan may be unilaterally revised by the Government. Any changes to the Award Term Incentive Plan will be made in writing and incorporated into the contract through a unilateral modification citing this clause. The Government will consult with the contractor prior to the issuance of a revised Award Term Incentive Plan, but is not required to obtain the contractor's consent to the revisions.

(b) Award Term 1 (Year 6) will be awarded based on the performance evaluation rating of **Very Good** or **Exceptional** for Option Period 1 (Year 3). Award Term 2 (Year 7) will be awarded based on the performance evaluation rating of **Very Good** or **Exceptional** for Option Period 2 (Year 4).

(c) The decision to exercise Award Term 1 (Year 6) will be made no later than 120 days after the end of Option Period 1 (Year 3). The decision to exercise Award Term 2 (Year 7) will be made no later than 120 days after the end of Option Period 2 (Year 4).

Award term decisions will be based on performance standards, evaluation factors and the rating system

used in the Contractor Performance Assessment Reporting System (CPARS).

#### **H.8 AWARD TERM AVAILABILITY OF FUNDS (EPAAR 1552.216-79) (FEB 2008)**

Funds are not presently available for any award term. The Government's obligation under any award term is contingent upon the availability of appropriated funds from which payment can be made. No legal liability on the part of the Government for any award term payment may arise until funds are made available to the Contracting Officer for an award term and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

#### **H.9 OPTION TO EXTEND THE EFFECTIVE PERIOD OF THE CONTRACT-INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT (EPAAR 1552.217-76) (APR 1984)**

(a) The Government has the option to extend the effective period of this contract for five additional period(s). If more than sixty (60) days remain in the contract effective period, the Government, without prior written notification, may exercise this option by issuing a contract modification. To unilaterally exercise this option within the last 60 days of the effective period, the Government must issue written notification of its intent to exercise the option prior to that last 60-day period. This preliminary notification does not commit the Government to exercising the option.

(b) If the options are exercised, the "Minimum and Maximum Contract Amount" clause will be modified to reflect new and separate minimums of:

<u>Period</u>	<u>Minimum</u>	<u>Maximum</u>
Option Period 1 (Yr 3)	\$50,000	\$2,878,012.00
Option Period 2 (Yr 4)	\$50,000	\$2,932,712.00

Award Term 2 (Yr 7)	\$50,000	\$3,106,812.00

(c) The "Period of Performance" clause will be modified to cover a base period from:

## **I.2 INDEFINITE QUANTITY (FAR 52.216-22) (OCT 1995)**

(a) This is an indefinite-quantity contract for the supplies or services specified and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; *provided*, that the Contractor shall not be required to make any deliveries under this contract after 365 days after the end of the contract period of performance.

## **I.3 APPROVAL OF CONTRACT (FAR 52.204-1) (DEC 1989)**

This contract is subject to the written approval of an EPA Contracting Officer warranted to authorize the Government's commitment to the total amount of this contract; and shall not be binding until so approved.

**I.4 ORDERING (FAR 52.216-18) (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from the date of contract award and any time during the ordering period.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

**I.5 ORDER LIMITATIONS (FAR 52.216-19) (OCT 1995)**

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than \$5,000, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor -

(1) Any order for a single item in excess of \$5,000,000;

(2) Any order for a combination of items in excess of \$5,000,000; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within seven (7) days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

**I.6 OPTION TO EXTEND SERVICES (FAR 52.217-8) (NOV 1999)**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days.

**I.7 OPTION TO EXTEND THE TERM OF THE CONTRACT (FAR 52.217-9) (MAR 2000)**

(a) The Government may extend the term of this contract by written notice to the Contractor within five (5) days, provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option

clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed seven (7) years.

**I.8 ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS (FAR 52.223-9) (MAY 2008)**

(a) *Definitions.* As used in this clause -

"Postconsumer material" means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of "recovered material."

"Recovered material" means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall -

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

(1) The Contracting Officer and the Contractor, acting in good faith, may rely on the

representation of an Indian organization or Indian-owned economic enterprise as to its eligibility, unless an interested party challenges its status or the Contracting Officer has independent reason to question that status. In the event of a challenge to the representation of a subcontractor, the Contracting Officer will refer the matter to the -

If a subcontractor is determined to be an ineligible participant, no incentive payment will be made under the Indian Incentive Program.

(2) The Contractor may request an adjustment under the Indian Incentive Program to the following:

- (i) The estimated cost of a cost-type contract.
- (ii) The target cost of a cost-plus-incentive-fee prime contract.
- (iii) The target cost and ceiling price of a fixed-price incentive prime contract.

(3) The amount of the adjustment to the prime contract is  $\frac{(b)(4)}{(4)}$  percent of the estimated cost, target cost, or firm-fixed-price included in the subcontract initially awarded to the Indian organization or Indian-owned economic enterprise.

(4) The Contractor has the burden of proving the amount claimed and must assert its request for an adjustment prior to completion of contract performance.

(c) The Contracting Officer, subject to the terms and conditions of the contract and the availability of funds, will authorize an incentive payment of  $\frac{(b)(4)}{(4)}$  percent of the amount paid to the subcontractor. The Contracting Officer will seek funding in accordance with agency procedures.

These numbers are estimates and subject to change.</p>							

The rate, or rates, set forth above cover all expenses, including report preparation, salaries, overhead, general and administrative expenses, and profit.

The Contractor shall voucher for only the time of the personnel whose services are applied directly to the work called for in individual Delivery Orders and accepted by the EPA Project Officer. The Government shall pay the Contractor for the life of a delivery order at rates in effect when the delivery order was issued, even if performance under the delivery order crosses into another period. The Contractor shall maintain time and labor distribution records for all employees who work under the contract. These records must document time worked and work performed by each individual on all Delivery Orders.

**B.2 PERIOD OF PERFORMANCE**

The period of performance of this contract shall be from the date of contract award through 24 months. In addition to the two-year base period, this contract will have three, one-year option periods, and two, one-year award terms, for a maximum performance period of seven years if all option and award periods are exercised.

**B.3 MINIMUM AND MAXIMUM AMOUNTS**

During the period specified in the "Ordering" clause, the Government shall place orders totaling a minimum of \$50,000 per year. The amount of all orders shall not exceed \$20,551,834 if all option and award terms are exercised.

**B.4 TASK ORDER CEILING**

Each task order will have a ceiling which shall not be exceeded. Task orders may be incrementally funded, the task order ceiling that may not be exceeded, except at the contractor's own risk, is the amount of dollars obligated to that specific task order at the time the expense is incurred.

**B.5 CEILING PRICE**

The ceiling price of this contract is \$20,551,834. The contractor shall not make expenditures or incur obligations in the performance of this contract which exceeds the ceiling price specified herein, except at the contractor's own risk.

**B.6 ELECTRONIC ORDERING**

In accordance with FAR 52.216-18, ORDERING, electronic commerce methods are authorized for this contract.

**B.7 INCREMENTAL FUNDING OF TASK ORDERS**

Regardless of the type of task order issued, individual task orders may be incrementally funded.

**B.8 LIMITATION OF GOVERNMENT'S OBLIGATIONS UNDER TASK ORDERS (APRIL 2012)**

(a) Regardless of the type of task order issued, the individual Task Order may be incrementally funded.

(b) Under each task order, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those items for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor will not be obligated to continue work under a task order beyond that point. The Government will not be obligated in any event and under any circumstances to reimburse the contractor in excess of the amount obligated on a task order except for reimbursement of termination settlement costs as provided for under paragraph (g)(3) of the contract clause entitled "Termination for Convenience of the Government (Fixed-Price) (APR 2012)". As used in this clause, the total amount payable by the Government in the event of termination of an applicable Task Order for convenience includes costs, profit, and estimated termination settlement costs for that task order.

(c) The Contractor will notify the Contracting Officer (CO) and Project Officer (PO), in writing, at least 45 calendar days prior to the date when, in the Contractor's best judgement, the work will reach the point at which the total amount payable by the Government, including if applicable any costs for termination for convenience, will approximate 85% of the total amount then funded on the task order. The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance under the task order up to the next scheduled date for incremental funding in the task order, or to a substitute date as determined by the Government pursuant to subparagraph (d) of this clause. The notification will also advise the CO and PO of the estimated amount of additional funds that will be required for the timely performance of the services ordered, for a subsequent period as specified in the task order or otherwise agreed to by the parties. If, after such notification, the CO does not issue a task order modification obligating additional funds by the date identified in the Contractor's notification, or by an agreed substitute date, the CO will stop work or terminate the task order for which additional funds have not been obligated, pursuant to the clause entitled "Termination for Convenience of the Government." Absent this task order modification, the Government is not obligated to reimburse the contractor for any costs that would exceed the amount funded for the task order under this clause except for reimbursement of termination settlement costs as set forth in paragraph (b) above.

(d) The parties contemplate that the Government will obligate additional funds for continued performance under the task order and will determine the estimated period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional obligated funds and to the new estimated period of task order performance. The task order will be modified accordingly.

(e) If, solely by reason of failure of the Government to obligate additional funds by the dates indicated in a task order, in amounts sufficient for timely performance of the task order requirements, the Contractor incurs additional costs or is delayed in the performance of the work under the task order and if additional

funds are obligated, an equitable adjustment will be made in the price of the items, or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination obligate additional funds for the performance of the task order.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and obligation of funds for a task order. This clause no longer applies once the task order is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraph (d) or (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the contract clause entitled "Termination for Convenience of the Government."

#### **B.9 OTHER DIRECT COSTS**

For the categories listed below, other direct costs, defined as costs that are neither direct material nor direct labor, in excess of the amounts identified are not allowable as charges to this contract without prior written approval from the Contracting Officer.

## **SECTION G - CONTRACT ADMINISTRATION DATA**

### **G.1 ORDERING-BY DESIGNATED ORDERING OFFICERS (EPAAR 1552.216-72) (APR 1984)**

(a) The Government will order any supplies and services to be furnished under this contract by issuing delivery orders on Optional Form 347, or any agency prescribed form, from the date of contract award any time during the ordering period. In addition to the Contracting Officer, the following individuals are authorized ordering officers.

Any EPA Contracting Officer

(b) A Standard Form 30 will be the method of amending delivery orders.

(c) The Contractor shall acknowledge receipt of each order and shall prepare and forward to the Ordering Officer within ten (10) calendar days the proposed staffing plan for accomplishing the assigned task within the period specified.

(d) If the Contractor considers the estimated labor hours or specified work completion date to be unreasonable, he/she shall promptly notify the Ordering Officer and Contracting Officer in writing within 10 calendar days, stating why the estimated labor hours or specified completion date is considered unreasonable.

(e) Each delivery order will have a ceiling price, which the Contractor may not exceed. When the

Contractor has reason to believe that the labor payment and support costs for the order, which will accrue in the next thirty (30) days, will bring total cost to over 85 percent of the ceiling price specified in the order, the Contractor shall notify the Ordering Officer.

(f) Paragraphs (c), (d), and (e) of this clause apply only when services are being ordered.

**G.2 SUBMISSION OF INVOICES (EPAAR 1552.232-70) - ALTERNATE I (JUN 1996)**

In order to be considered properly submitted, an invoice or request for contract financing payment must meet the following contract requirements in addition to the requirements of FAR 32.905:

(a) Unless otherwise specified in the contract, an invoice or request for contract financing payment shall be submitted as an original and five copies. The Contractor shall submit the invoice or request for contract financing payment to the following offices/individuals designated in the contract: the original and two copies to the Accounting Operations Office shown in Block 12 on the cover of the contract; two copies to the Project Officer (the Project Officer may direct one of these copies to a separate address); and one copy to the Contracting Officer.

(b) The Contractor shall prepare its invoice or request for contract financing payment on the prescribed Government forms. Standard Forms Number 1034, Public Voucher for Purchases and Services other than Personal, shall be used by contractors to show the amount claimed for reimbursement. Standard Form 1035, Public Voucher for Purchases and Services other than Personal-Continuation Sheet, shall be used to furnish the necessary supporting detail or additional information required by the Contracting Officer. The Contractor may submit self-designed forms which contain the required information.

(c)(1) The Contractor shall prepare a contract level invoice or request for contract financing payment in accordance with the invoice preparation instructions identified as a separate attachment in Section J of the contract. If contract work is authorized by individual delivery orders, the invoice or request for contract financing payment shall also include a summary of the current and cumulative amounts claimed by cost element for each delivery order and for the contract total, as well as any supporting data for each delivery order as identified in the instructions.

(2) The invoice or request for contract financing payment that employs a fixed rate feature shall include current and cumulative charges by contract labor category and by other major cost elements such as travel, equipment, and other direct costs. For current costs, each cost element shall include the appropriate supporting schedules identified in the invoice preparation instructions.

(3) The charges for subcontracts shall be further detailed in a supporting schedule showing the major cost elements for each subcontract. The degree of detail for any subcontract exceeding \$5,000 is to be the same as that set forth under (c)(2).

(4) The charges for consultants shall be further detailed in the supporting schedule showing the major cost elements of each consultant. For current costs, each major cost element of the consulting agreement shall also include the supporting schedule identified in the invoice preparation instructions.

(d) Invoices or requests for contract financing payment must clearly indicate the period of performance for which payment is requested. Separate invoices or requests for contract financing payment are required for charges applicable to the basic contract and each option period.

(e)(1) Notwithstanding the provisions of the clause of this contract at FAR 52.216-7, Allowable Cost and Payment, invoices or requests for contract financing payment shall be submitted once per month unless there has been a demonstrated need and Contracting Officer approval for more frequent billings. When submitted on a monthly basis, the period covered by invoices or requests for contractor financing payments shall be the same as the period for monthly progress reports required under this contract.

(2) If the Contracting Officer allows submissions more frequently than monthly, one submittal each month shall have the same ending period of performance as the monthly progress report.

(3) Where cumulative amounts on the monthly progress report differ from the aggregate amounts claimed in the invoice(s) or request(s) for contract financing payments covering the same period, the contractor shall provide a reconciliation of the difference as part of the payment request.

**G.3 PAYMENTS-FIXED-RATE SERVICES CONTRACT (EPAAR 1552.232-73) (OCT 2000)**

The Government shall pay the Contractor as follows upon the submission of invoices or vouchers approved by the Contracting Officer:

(a) Hourly rate. (1) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the Schedule by the number of direct labor hours performed. The rates shall include wages, indirect costs, general and administrative expenses, and profit. Fractional parts of an hour shall be payable on a prorated basis. Vouchers may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the paying office. The Contractor shall substantiate vouchers by evidence of actual payment and by individual daily job, timecards, or other substantiation approved by the Contracting Officer. Promptly after receipt of each substantiated voucher, the Government shall, except as otherwise provided in this contract and subject to the terms of paragraph (e) of this contract, pay the voucher as approved by the Contracting Officer.

(2) Unless otherwise prescribed in the Schedule, the Contracting Officer shall withhold 5 percent of the amounts due under this paragraph (a), but the total amount withheld shall not exceed \$50,000. The amounts withheld shall be retained until the execution and delivery of a release by the Contractor as provided in paragraph (f) of this contract.

(3) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis. If no overtime rates are provided in the Schedule and overtime work is approved in advance by the Contracting Officer, overtime rates shall be negotiated. Failure to agree upon these overtime rates shall be treated as a dispute under the "Disputes" clause of this contract. If the Schedule provides rates for overtime the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(b) Materials, other direct costs, and subcontracts. (1) The allowability of direct materials and other direct costs shall be determined by the Contracting Officer in accordance with subpart 31.2 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract. Reasonable and allocable material handling costs or indirect costs may be included in the charge for material or other direct costs to the extent they are clearly excluded from the hourly rate. Material handling and/or indirect cost rates are specified in the "Indirect Costs" clause. Material handling costs are comprised of indirect costs, including, when appropriate, general and administrative expense allocated to direct materials in accordance with the Contractor's usual accounting practices consistent with subpart 31.2 of the FAR. The Contractor shall be reimbursed for items and services purchased directly for the contract only when cash, checks, or other forms of actual payment have been made for such purchased items or services. Direct materials or other direct costs, as used in this clause, are those items which enter directly into the end product, or which are used or consumed directly in connection with the furnishing of the end product.

(2) Subcontracted effort may be included in the fixed hourly rates discussed in paragraph (a)(1) of this clause and will be reimbursed as discussed in that paragraph. Otherwise, the cost of subcontracts that are authorized under the subcontracts clause of this contract shall be reimbursable costs under this clause provided that the costs are consistent with paragraph (b)(3) of this clause. Reimbursable costs in connection with subcontracts shall be payable to subcontractors consistent with FAR 32.504 in the same manner as for services purchased directly for the contract under paragraph (a)(1) of this clause. Reimbursable costs shall not include any costs arising from

the letting, administration, or supervision of performance of the subcontract, if the costs are included in the hourly rates payable under paragraph (a)(1) of this clause.

(3) To the extent able, the Contractor shall (i) obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and (ii) take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, the Contractor shall promptly notify the Contracting Officer and give the reasons. Credit shall be given to the Government for cash and trade discounts, rebates, allowances, credits, salvage, the value of any appreciable scrap, commissions, and other amounts that have accrued to the benefit of the Contractor, or would have accrued except for the fault or neglect of the Contractor. The benefits lost without fault or neglect on the part of the Contractor, or lost through fault of the Government, shall not be deducted from gross costs.

(4) If the nature of the work to be performed requires the Contractor to furnish material which is regularly sold to the general public in the normal course of business by the Contractor, the price to be paid for such material, notwithstanding paragraph (b)(1) of this contract, shall be on the basis of an established catalog or list price, in effect when the material is furnished, less all applicable discounts to the Government; provided, that in no event shall such price be in excess of the Contractor's sales price to its most favored customer for the same item in like quantity, or the current market price, whichever is lower.

(c) Contracting Officer Notification. For contract administration purposes, the Contractor shall notify the Contracting Officer in writing when the total value of all delivery orders issued exceeds 85 percent of the maximum price specified in the schedule.

(d) Maximum amount. The Government shall not be obligated to pay the Contractor any amount in excess of the maximum amount in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the maximum amount set forth in the Schedule, unless or until the Contracting Officer shall have notified the Contractor in writing that the maximum amount has been increased and shall have specified in the notice a revised maximum that shall constitute the maximum amount for performance under this contract. When and to the extent that the maximum amount set forth in the Schedule has been increased, any hours expended, and material or other direct costs incurred by the Contractor in excess of the maximum amount before the increase, shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the maximum amount.

(e) Audit. At any time before final payment under this contract, the Contracting Officer may request audit of the invoices or vouchers and substantiating material. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices or vouchers, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. Upon receipt and approval of the voucher or invoice designated by the Contractor as the "completion voucher" or "completion invoice" and substantiating material, and upon compliance by the Contractor with all terms of this contract (including, without limitation, terms relating to patents and the terms of paragraphs (f) and (g) of this clause), the Government shall promptly pay any balance due the Contractor. The completion invoice or voucher, and substantiating material, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event, later than one year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(f) Assignment. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(1) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible

of exact statement by the Contractor.

(2) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(3) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(g) Refunds. The Contractor agrees that any refunds, rebates, or credits (including any related interest) accruing to or received by the Contractor or any assignee, that arise under the materials portion of this contract and for which the Contractor has received reimbursement, shall be paid by the Contractor to the Government. The Contractor and each assignee, under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, an assignment to the Government of such refunds, rebates, or credits (including any interest) in form and substance satisfactory to the Contracting Officer.

#### **G.4 INDIRECT COSTS (EPAAR 1552.242-70) (APR 1984)**

(a) In accordance with paragraph (d) of the "Allowable Cost and Payment" clause, the final indirect cost rates applicable to this contract shall be established between the Contractor and the appropriate Government representative (EPA, other Government agency, or auditor), as provided by FAR 42.703-1(a). EPA's procedures require a Contracting Officer determination of indirect cost rates for its contracts. In those cases where EPA is the cognizant agency (see FAR 42.705-1), the final rate proposal shall be submitted to the cognizant audit activity and to the following designated Contracting Officer: Environmental Protection Agency, Chief, Cost Policy and Rate Negotiation Branch (3804F), Cost Advisory and Financial Analysis Division, Washington, DC 20460.

Where EPA is not the cognizant agency, the final rate proposal shall be submitted to the above-cited address, to the cognizant audit agency, and to the designated Contracting Officer of the cognizant agency. Upon establishment of the final indirect cost rates, the Contractor shall submit an executed Certificate of Current Cost or Pricing Data (see FAR 15.406-2) applicable to the data furnished in connection with the final rates to the cognizant audit agency. The final rates shall be contained in a written understanding between the Contractor and the appropriate Government representative. Pursuant to the "Allowable Cost and Payment" clause, the allowable indirect costs under this contract shall be obtained by applying the final agreed upon rate(s) to the appropriate bases.

(b) Until final annual indirect cost rates are established for any period, the Government shall reimburse the contractor at billing rates established by the appropriate Government representative in accordance with FAR 42.704, subject to adjustment when the final rates are established. The established billing rates are currently as follows:

<u>Cost center</u>	<u>Period</u>	<u>Rate</u>	<u>Base</u>
TBD	TBD	TBD	TBD

These billing rates may be prospectively or retroactively revised by mutual agreement, at the request of either the Government or the Contractor, to prevent substantial overpayment or underpayment.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this clause, ceilings are hereby established on indirect costs reimbursable under this contract. The Government shall not be obligated to pay the Contractor any additional amount on account of indirect costs in excess of the ceiling rates listed below:

## H.2 PRINTING (EPAAR 1552.208-70) (DEC 2005)

a) *Definitions.* "Printing" is the process of composition, plate making, presswork, binding and microform; or the end items produced by such processes and equipment. Printing services include newsletter production and periodicals which are prohibited under EPA contracts.

"Composition" applies to the setting of type by hot-metal casting, photo typesetting, or electronic character generating devices for the purpose of producing camera copy, negatives, a plate or image to be used in the production of printing or microform.

"Camera copy" (or "camera-ready copy") is a final document suitable for printing/duplication.

"Desktop Publishing" is a method of composition using computers with the final output or generation of camera copy done by a color inkjet or color laser printer. This is not considered "printing." However, if the output from desktop publishing is being sent to a typesetting device ( i.e., Linotronic) with camera copy being produced in either paper or negative format, these services are considered "printing".

"Microform" is any product produced in a miniaturized image format, for mass or general distribution and as a substitute for conventionally printed material. Microform services are classified as printing services and includes microfiche and microfilm. The contractor may make up to two sets of microform files for archival purposes at the end of the contract period of performance.

"Duplication" means the making of copies on photocopy machines employing electrostatic, thermal, or other processes without using an intermediary such as a negative or plate.

"Requirement" means an individual photocopying task. (There may be multiple requirements under a Work Assignment or Delivery Order. Each requirement would be subject to the photocopying limitation of 5,000 copies of one page or 25,000 copies of multiple pages in the aggregate per requirement).

"Incidental" means a draft and/or proofed document (not a final document) that is not prohibited from printing under EPA contracts.

(b) *Prohibition.*

(1) The contractor shall not engage in, nor subcontract for, any printing in connection with the performance of work under this contract. Duplication of more than 5,000 copies of one page or more than 25,000 copies of multiple pages in the aggregate per requirement constitutes printing. The intent of the printing limitation is to eliminate duplication of final documents.

(2) In compliance with EPA Order 2200.4a, EPA Publication Review Procedure, the Office of Communications, Education, and Media Relations is responsible for the review of materials generated under a contract published or issued by the Agency under a contract intended for release to the public.

*(c) Affirmative Requirements.*

(1) Unless otherwise directed by the contracting officer, the contractor shall use double-sided copying to produce any progress report, draft report or final report.

(2) Unless otherwise directed by the contracting officer, the contractor shall use recycled paper for reports delivered to the Agency which meet the minimum content standards for paper and paper products as set forth in EPA's Web site for the Comprehensive Procurement Guidelines at: <http://www.epa.gov/cpg/>.

*(d) Permitted Contractor Activities.*

(1) The prohibitions contained in paragraph (b) do not preclude writing, editing, or preparing manuscript copy, or preparing related illustrative material to a final document (camera-ready copy) using desktop publishing.

(2) The contractor may perform a requirement involving the duplication of less than 5,000 copies of only one page, or less than 25,000 copies of multiple pages in the aggregate, using one color (black), such pages shall not exceed the maximum image size of 103/4 by 141/4 inches, or 11 by 17 paper stock. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing if it is deemed appropriate to exceed the duplication thresholds. Duplication services of "incidentals" in excess of the thresholds, are allowable.

(3) The contractor may perform a requirement involving the multi-color duplication of no more than 100 pages in the aggregate using color copier technology, such pages shall not exceed the maximum image size of 103/4 by 141/4 inches, or 11 by 17 paper stock. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these limits, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing.

(4) The contractor may perform the duplication of no more than a total of 100 diskettes or CD-ROM's. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing.

(4) The contractor may perform the duplication of no more than a total of 100 diskettes or CD-ROM's. Duplication services below these thresholds are not considered printing. If performance of the contract will require duplication in excess of these thresholds, contractors must immediately notify the contracting officer in writing. The contracting officer must obtain a waiver from the U.S. Congress Joint Committee on Printing.

(e) *Violations.* The contractor may not engage in, nor subcontract for, any printing in connection with the performance of work under the contract. The cost of any printing services in violation of this clause will be disallowed, or not accepted by the Government.

(f) *Flowdown Provision.* The contractor shall include in each subcontract which may involve a requirement for any printing/duplicating/copying a provision substantially the same as this clause.

### **H.3 ORGANIZATIONAL CONFLICTS OF INTEREST (EPAAR 1552.209-71) (MAY 1994)**

(a) The Contractor warrants that, to the best of the Contractor's knowledge and belief, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest, as defined in FAR subpart 9.5, or that the Contractor has disclosed all such relevant information.

(b) Prior to commencement of any work, the Contractor agrees to notify the Contracting Officer immediately that, to the best of its knowledge and belief, no actual or potential conflict of interest exists or to identify to the Contracting Officer any actual or potential conflict of interest the firm may have. In emergency situations, however, work may begin but notification shall be made within five (5) working days.

(c) The Contractor agrees that if an actual or potential organizational conflict of interest is identified during performance, the Contractor will immediately make a full disclosure in writing to the Contracting Officer. This disclosure shall include a description of actions which the Contractor has taken or proposes to take, after consultation with the Contracting Officer, to avoid, mitigate, or neutralize the actual or potential conflict of interest. The Contractor shall continue performance until notified by the Contracting Officer of any contrary action to be taken.

(d) Remedies—The EPA may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid an organizational conflict of interest. If the Contractor was aware of a potential organizational conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose it or misrepresented relevant information to the Contracting officer, the Government may terminate the contract for default, debar the Contractor from Government contracting, or pursue such other remedies as may be permitted by law or this contract.

(e) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder, except for subcontracts or consultant agreements for well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services, provisions which shall conform substantially to the language of this clause, including this paragraph (e), unless otherwise authorized by the Contracting Officer.

### **H.4 NOTIFICATION OF CONFLICTS OF INTEREST REGARDING PERSONNEL (EPAAR 1552.209-73) (MAY 1994)**

a) In addition to the requirements of the contract clause entitled "Organizational Conflicts of Interest," the following provisions with regard to employee personnel performing under this contract shall apply until the earlier of the following two dates: the termination date of the affected employee(s) or the expiration date of the contract.

(b) The Contractor agrees to notify immediately the EPA Project Officer and the Contracting Officer of (1) any actual or potential personal conflict of interest with regard to any of its employees working on or having access to information regarding this contract, or (2) any such conflicts concerning subcontractor employees or consultants working on or having access to information regarding this contract, when such conflicts have been reported to the Contractor. A personal conflict of interest is defined as a relationship of an employee, subcontractor employee, or consultant with an entity that may impair the objectivity of the employee, subcontractor employee, or consultant in performing the contract work.

(c) The Contractor agrees to notify each Project Officer and Contracting Officer prior to incurring costs for that employee's work when an employee may have a personal conflict of interest. In the event that the personal conflict of interest does not become known until after performance on the contract begins, the Contractor shall immediately notify the Contracting Officer of the personal conflict of interest. The Contractor shall continue performance of this contract until notified by the Contracting Officer of the appropriate action to be taken.

(d) The Contractor agrees to insert in any subcontract or consultant agreement placed hereunder, except for subcontracts or consultant agreements for well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services, provisions which shall conform substantially to the language of this clause, including this paragraph (d), unless otherwise authorized by the Contracting Officer.

#### **H.5 LIMITATION OF FUTURE CONTRACTING (EPAAR 1552.209-74) ALTERNATE V (HEADQUARTERS SUPPORT) (APR 2004)**

(a) The parties to this contract agree that the Contractor will be restricted in its future contracting in the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for contracts on an equal basis with other companies.

(b) If the Contractor, under the terms of this contract, or through the performance of work pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are incorporated into an EPA solicitation, the Contractor shall be ineligible to perform the work described in that solicitation as a prime Contractor or subcontractor under an ensuing EPA contract.

(c) Unless prior written approval is obtained from the cognizant EPA Contracting Officer, the Contractor, during the life of this contract and for a period of five (5) years after the expiration of the contract agrees not to enter into a contract with or to represent any party, other than EPA, with respect to: (1) any work relating to Leaking Underground Storage Tank (LUST) activities which pertains to the site where the Contractor previously performed work for EPA under this contract; or (2) any work that may jeopardize LUST enforcement actions which pertain to the site where the Contractor previously performed work for the EPA under this contract. During the life of this contract, including any options or Award Terms, the Contractor agrees that unless otherwise authorized by the Contracting Officer, it will be ineligible for award of contracts pertaining to this site which result from a RCRA administrative order, a RCRA consent decree or a court order. The Contractor and any subcontractors, during the life of this contract, shall be ineligible to enter into an EPA contract or a subcontract under an EPA contract, which supports EPA's performance of Leaking Underground Storage Tanks Headquarters policy work including support for the analysis and development of regulations, policies, or guidance that govern, affect, or relate to the conduct of response action activities, unless otherwise authorized by the Contracting Officer. Examples of such contracts include, but are not limited to Leaking Underground Storage Tanks Management and Analytical support contracts, and Leaking Underground Storage Tanks Technical and Analytical support contracts.

(d) The Contractor agrees in advance that if any bids/proposals are submitted for any work that would require written approval of the Contracting Officer prior to entering into a contract subject to the restrictions of this clause, then the bids/proposals are submitted at the Contractor's own risk. Therefore, no claim shall be made against the Government to recover bid/proposal costs as a direct cost whether the request for authorization to enter into the contract is denied or approved.

(e) To the extent that the work under this contract requires access to proprietary or confidential business or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure.

(f) The Contractor agrees to insert in each subcontract or consultant agreement placed hereunder, except for subcontracts or consultant agreements for nondiscretionary technical or engineering services, including treatability studies, well drilling, fence erecting, plumbing, utility hookups, security guard services, or electrical services, provisions which shall conform substantially to the language of this clause, including this paragraph (f) unless otherwise authorized by the Contracting Officer. The Contractor may request in

writing that the Contracting Officer exempt from this clause a particular subcontract or consultant agreement for nondiscretionary technical or engineering services not specifically listed above, including laboratory analysis. The Contracting Officer will review and evaluate each request on a case-by-case basis before approving or disapproving the request.

(g) If the Contractor seeks an expedited decision regarding its initial future contracting request, the Contractor may submit its request to both the Contracting Officer and the next administrative level within the Contracting Officer's organization.

(h) A review process available to the Contractor when an adverse determination is received shall consist of a request for reconsideration to the Contracting Officer or a request for review submitted to the next administrative level within the Contracting Officer's organization. An adverse determination resulting from a request for reconsideration by the Contracting Officer will not preclude the Contractor from requesting a review by the next administrative level. Either a request for review or a request for reconsideration must be submitted to the appropriate level within 30 calendar days after receipt of the initial adverse determination.

#### **H.6 AWARD TERM INCENTIVE (EPAAR 1552.216-77) (FEB 2008)**

(a) General. This contract may be extended as set forth in paragraph (b) based on overall contractor performance as evaluated in accordance with the Clause entitled "Award Term Incentive Plan," provided the Agency has a need for the effort at or before the time an award term is to commence, and if the contractor receives notice of the availability of funding for an award term period pursuant to the "Award Term Availability of Funds" clause. The Contracting Officer is responsible for the overall award term evaluation and award term decision. The Contracting Officer will unilaterally decide whether or not the contractor is eligible for an award term extension, and in conjunction with the Contracting Officer's Representative, will determine the need for continued performance and funding availability.

(b) Period of performance. Provided the contractor has achieved the performance measures, e.g., acceptable quality levels, set forth in the clause "Award Term Incentive Plan," the Contracting Officer may extend the contract by exercising two additional award term incentive period(s) of 12 months each. The total maximum period of performance under this contract, if the Government exercises all option periods and all award term incentive periods is seven (7) years.

(c) Right not to grant or cancel the award term incentive.

(1) The Government has the unilateral right not to grant or to cancel award term incentive periods and the associated award term incentive plans if--

(i) The Contracting Officer has failed to initiate an award term incentive period, regardless of whether the contractor's performance permitted the Contracting Officer to consider initiating the award term incentive period; or

(ii) The contractor has failed to achieve the performance measures for the corresponding evaluation period; or

(iii) The Government notifies the contractor in writing it does not have funds available for the award term incentive periods; or

(iv) The Government no longer has a need for the award term incentive period at or before the time an award term incentive period is to commence.

(2) When an award term incentive period is not granted or cancelled, any--

(i) Prior award term incentive periods for which the contractor remains otherwise eligible are unaffected.

(ii) Subsequent award term incentive periods are thereby also cancelled.

(d) Cancellation of an award term incentive period that has not yet commenced for any of the reasons set forth in paragraph (c) of this clause shall not be considered either a termination for convenience or termination for default, and shall not entitle the contractor to any termination settlement or any other compensation. If the award term incentive is cancelled, a unilateral modification will cite this clause as the authority.

(e) Award term incentive administration. The award term incentive evaluation(s) will be completed in accordance with the schedule in the Award Term Incentive Plan. The contractor will be notified of the results and their eligibility to be considered for the respective award term incentive no later than 120 days after an evaluation period.

(f) Review process. The contractor may request a review of an award term incentive evaluation which has resulted in the contractor being ineligible for the award term incentive. The request shall be submitted in writing to the Contracting Officer within 15 days after notification of the results of the evaluation.

#### **H.7 AWARD TERM INCENTIVE PLAN (EPAAR 1552.216-78) TAILORED (FEB 2008)**

(a) The Award Term Incentive Plan provides for the evaluation of performance, and, together with Agency need and availability of funding, serves as the basis for award term decisions. The Award Term Incentive Plan may be unilaterally revised by the Government. Any changes to the Award Term Incentive Plan will be made in writing and incorporated into the contract through a unilateral modification citing this clause. The Government will consult with the contractor prior to the issuance of a revised Award Term Incentive Plan, but is not required to obtain the contractor's consent to the revisions.

(b) Award Term 1 (Year 6) will be awarded based on the performance evaluation rating of **Very Good or Exceptional** for Option Period 1 (Year 3). Award Term 2 (Year 7) will be awarded based on the performance evaluation rating of **Very Good or Exceptional** for Option Period 2 (Year 4).

(c) The decision to exercise Award Term 1 (Year 6) will be made no later than 120 days after the end of Option Period 1 (Year 3). The decision to exercise Award Term 2 (Year 7) will be made no later than 120 days after the end of Option Period 2 (Year 4).

Award term decisions will be based on performance standards, evaluation factors and the rating system used in the Contractor Performance Assessment Reporting System (CPARS).

#### **H.8 AWARD TERM AVAILABILITY OF FUNDS (EPAAR 1552.216-79) (FEB 2008)**

Funds are not presently available for any award term. The Government's obligation under any award term is contingent upon the availability of appropriated funds from which payment can be made. No legal liability on the part of the Government for any award term payment may arise until funds are made available to the Contracting Officer for an award term and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

#### **H.9 OPTION TO EXTEND THE EFFECTIVE PERIOD OF THE CONTRACT-INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT (EPAAR 1552.217-76) (APR 1984)**

(a) The Government has the option to extend the effective period of this contract for five additional period(s). If more than sixty (60) days remain in the contract effective period, the Government, without prior written notification, may exercise this option by issuing a contract modification. To unilaterally exercise this option within the last 60 days of the effective period, the Government must issue written notification of its intent to exercise the option prior to that last 60-day period. This preliminary notification does not commit the Government to exercising the option.

(b) If the options are exercised, the "Minimum and Maximum Contract Amount" clause will be modified to

reflect new and separate minimums of:

<u>Period</u>	<u>Minimum</u>	<u>Maximum</u>
Option Period 1 (Yr 3)	\$50,000	\$2,878,012.00
Option Period 2 (Yr 4)	\$50,000	\$2,932,712.00

Award Term 2 (Yr 7)	\$50,000	\$3,106,812.00

(c) The "Period of Performance" clause will be modified to cover a base period from:

<u>Period</u>	<u>Start Date</u>	<u>End Date</u>
Option Period 1 (Yr 3)	03/30/2014	03/29/2015
Option Period 2 (Yr 4)	03/30/2015	03/29/2016

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; *provided*, that the Contractor shall not be required to make any deliveries under this contract after 365 days after the end of the contract period of performance.

## **I.3 APPROVAL OF CONTRACT (FAR 52.204-1) (DEC 1989)**

This contract is subject to the written approval of an EPA Contracting Officer warranted to authorize the Government's commitment to the total amount of this contract; and shall not be binding until so approved.

## **I.4 ORDERING (FAR 52.216-18) (OCT 1995)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from the date of contract award and any time during the ordering period.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

## **I.5 ORDER LIMITATIONS (FAR 52.216-19) (OCT 1995)**

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than \$5,000, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor -

- (1) Any order for a single item in excess of \$5,000,000;
- (2) Any order for a combination of items in excess of \$5,000,000; or
- (3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within seven (7) days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

#### **I.6 OPTION TO EXTEND SERVICES (FAR 52.217-8) (NOV 1999)**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days.

#### **I.7 OPTION TO EXTEND THE TERM OF THE CONTRACT (FAR 52.217-9) (MAR 2000)**

(a) The Government may extend the term of this contract by written notice to the Contractor within five (5) days, provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed seven (7) years.

(4) The Contractor has the burden of proving the amount claimed and must assert its request for an adjustment prior to completion of contract performance.

(c) The Contracting Officer, subject to the terms and conditions of the contract and the availability of funds, will authorize an incentive payment of  percent of the amount paid to the subcontractor. The Contracting Officer will seek funding in accordance with agency procedures.
